CONFIDENTIAL

MEMORANDUM FOR: EE/CE

SUBJECT : Report of Burial Testing Program

1. The attached report of the TSS/Engineering Division Burial Testing Program on Weapons is forwarded to [ ] for his study, retention, and circulation where deemed necessary within your area division. This report covers the basic burial program started in August 1954, and the first cache inspection in May 1955. Since the preparation of this report, a second inspection has been performed. The results of this inspection, as well as those of future inspections, will be forwarded to your office as soon as they are prepared. They can be attached to the main report.

25X1

2. Also in progress are burial test programs utilizing field expedient packaging and the preparation for burial of medical supplies. These programs are not covered by this report. The Engineering Division will gladly furnish any available information on these programs at your request.

3. If any further information is desired on the attached report, please contact [ ] extension [ ]. Inasmuch as you will be sent test reports covering the inspections to be made over a period of five years, this office would appreciate your notifying us whenever the report changes hands. This will enable us to keep track of the report as well as to be in a better position to forward additional or related information.
